

transect

The diagram shows a large gray parallelogram representing a 2D grid. A white double-line transect runs diagonally from the bottom-left to the top-right. Within this transect, there is a 3x3 grid of purple squares. The center square of this 3x3 grid is highlighted in a darker blue. A blue arrow points from the label 'kernel' at the bottom to this central square. The word 'transect' is written in white in the upper-left area of the gray parallelogram.
